## TODAY'S meditation

THE WORLD'S MOST WIDELY USED DEVOTIONAL GUIDE

Thursday, November 13

And forgive us our debts, as we forgive our debtors. (Matthew 6:12). Read Luke 17:13-16.

**D**URING the occupation of the Philippines, a chaplain brought medical supplies to the prisoners on Corregidor. What he had done was discovered. He was imprisoned. One day a soldier injured him by striking him in the back of the neck with the butt of a rifle. Later the chaplain was forced to spend fifteen hours a day in an uncomfortable position.

In his agony, he began praying the Lord's Prayer. But when he came to the words, "Forgive us our trespasses, as we forgive those who trespass against us," he paused. Could he forgive one who had been so cruel to him, and who had denied medical aid to those who were so badly in need of it? After a long inward struggle, he finally

said, "Yes." As he did so, peace filled his heart. He had no difficulty in continuing the Lord's Prayer.

Jesus Himself cherished no ill will, even toward those who were responsible for His death upon the cross. He prayed, "Father, forgive them; for they know not what they do."

### Prayer

merciful and gracious Father, help us to be kind to and considerate of others. Through the power of Thy Holy Spirit, give us the desire and will to forgive others, even as we ourselves need forgiveness because of our trespasses against others and against Thee. This we ask in Jesus' name. Amen.

Thought For The Day  
"If ye forgive men their trespasses, your heavenly Father will also forgive you." (Matthew 6:14)

23 FOREIGN TRAINEES COMPLETE STAY IN MAINE

Twenty-three foreign agricultural trainees will complete their stay in Maine Friday evening with a banquet at the University of Maine.

The men are from Norway, France, The Netherlands, Denmark, Belgium, and Austria and have worked on 11 farms four months and spent six weeks attending a short course at the University. After a week in Washington, D. C., they will return to their native lands.

Major farm people believe such programs of the Mutual Security Agency have done much to further understanding among the nations of the world.

## WORTH REPEATING

"Paul Douglas, Illinois Democrat Senator, is authority for this one. 'If three are needed to do a certain job, the State Department will employ from 12 to 21.'"—Hanover, N. H., Gazette.

"Neither the consumer nor anyone else is benefited when essential business operates at a near profitless level. It is profit which makes for growth and progress."—Dedham, Mass., Transcript.

tended. President Hauck, Dean Deering and Director Dow praised highly the outstanding leadership he gave and the contributions he made to Maine agriculture.

Mrs. Griffie, in accepting the commemorative booklet, said Mr. Griffie loved research and the students who made research their profession. She said the memorial fund was a fitting tribute to him.

GRIFFIE MEMORIAL FUND PRESENTED TO U. OF M.

A \$2,000 Fred Griffie Memorial Award Fund has been presented to the University of Maine in memory of Dr. Fred Griffie, for 20 years director of the Maine Agricultural Experiment Station. The fund will be used for awards to outstanding graduate students in agricultural research.

The fund was presented to the university in ceremonies in the Little Theatre on the University campus October 30. The fund was contributed by many of the former director's friends at the university and throughout Maine.

President Arthur A. Hauck, Maine University president; Arthur L. Deering, dean of the College of Agriculture; Dr. George F. Dow, associate director of the Experiment Station; Elmer R. Tobey, head of the Station's chemistry department, and Mrs. Griffie participated in the program.

In the ceremonies a commemorative booklet of the presentation program was presented to Mrs. Griffie, a check for the fund was presented to President Hauck, and a portrait of the former director was presented for hanging in the offices of the Agricultural Experiment Station.

Mrs. Griffie has a hundred friends and colleagues of Director Griffie.

## The LOW DOWN FROM HICKORY GROVE

I just been perusin' a piece about Pennsylvania, and how in that land of fine cooks and delectable dishes like ponhaus and 100 others they are upsetting the social apple cart arguments. Arguments that Govt. operated and dominated electric power is the one and only way to make a State boom and flourish like the hickory green bay tree. Pennsylvania is flourishing it is amongst the lowest of all states in public ownership of its power. It has but a little over one per cent of its power publicly owned. On the Pacific coast public power runs as high as 50 per cent. And also especially in the Pacific Northwest where so-called power practically dominates the picture, the threat of power shortages looms and constantly.

If scarcely is what a district craves, its best bet is to invite the Govt. in. With same will come tax exempt dams - bureau boys galore - more taxes on your own domicile. Folks who sit around and pay little heed, thinking it is not their baby, this creep socialist scourge. They are not on the ball if you are a dentist, plumber, barber, preacher, bartender or what - you are breeding a stab on your very own future when you sit idly by, as a capitalist Govt. drives into your town with its tailpipe blaring and flags waving. There is misery in the off-

## GOULD ACADEMY

## GOULD - FRYEBURG 0

Five wins and two ties gives Gould a record that seemed unbelievable when the team started practicing late in September. The 1952 team will be rated near the top of its class, but the fact that the Lyndon Institute, Berlin and Fryeburg games do not count in the standing keeps the Huskies out of the running for the State Championship.

The final game was a thriller with Fryeburg proving a worthy foe. They outplayed the Huskies during the first half as Wenzel, Blake and Hastings ripped off steady gains and threatened the goal line on numerous occasions.

The Huskies however redeemed themselves in the last two periods. Midway through the third period, they started a steady drive that netted them 60 yards on five first downs in a row. This landed them on the Fryeburg 7 yard line where, on the next play, they were penalized 15 yards for illegal use of the elbows. Then Fryeburg intercepted a pass to end the threat.

Hard running Shand ripped off nine yards and then Fryeburg took to the air, only to have Melville intercept and Gould was again on the march as the quarter ended.

In the final period, two first downs put the ball on the 47 yard line. On the next play Burnham crashed over his own right side for the only T. D. of the game. Burnham's placekick split the uprights and Gould led 7 to 0.

The visitors fought back with determination but after two first downs in a row, Gould recovered a Fryeburg fumble and hung onto the ball until the whistle ended one of Gould's best seasons in a number of years.

Statistics showed that Gould made 16 first downs and Fryeburg 11. The Huskies passed only 2 times with three complete for a total of 53 yards. One was intercepted. The visitors passed 12 times making good on six of them, most of which were short, and only totaling 18 yards. Four went incomplete and two were intercepted.

The summary:

Gould (7)	0 0 0 7-7
Fryeburg (1)	0 0 0 0-0
Substitutions Gould Tyler, Elton, Philbrick, Jodrey, Dodge, Payne, Melville, Merrill, Bragg, Cole, Fryeburg, Guchie, DeLoe, Edwards, Pringle, Jones, Monney, Tomlinson, Gould, Burnham, Points after touchdown: Gould, Burnham (placekicks).	

Another in the series of the School Assembly Service Programs will be presented in William Bingham Gymnasium on Monday, Nov. 17 at 8:15 a. m. Miss Namoura from the fabled islands of the east will present a Tergachorean interpretation of dancers of that area. Of Arabian heritage, Miss Namoura has a deep understanding and feeling for the place of her birth and her people.

Her dances of India, Burma, and Arab have the rare quality of bringing to life for the audience the actual character and personality of the places, much as the folk songs describe the joy and sadness of the people.

The Namoura costumes have gained fame for their beauty and detail as well as their authenticity down to the smallest detail and ornament. Her accompanist ably complements Miss Namoura's dances with the authentic music of the mood or interpretation adds some piano groups which greatly enhance the presentation.

Miss Namoura and her accompanist are artists of the first rank who represent a truly theatrical program.

## Scientist 80 Years Old—Still Working

PEARL RIVER, N. Y.—Dr. Benjamin Duggar, who discovered the antibiotic "wonder drug" aureomycin, will be 80 years old September 1—and he still works every day at Lederle Laboratories in the never-ending search for even better drugs to combat man's diseases.

Born in Canton, N. Y., in 1872, Dr. Duggar was retired from teaching at the University of Wisconsin at the age of 71. Not content with a life of idleness, he came to Lederle in 1944, and in 1948, when he was 76 years old, his great antibiotic discovery, aureomycin, was made available to the world. Dr. Duggar has six children and 13 grandchildren. He works a vegetable garden and plays golf at least once a week, weather permitting.

CINCINNATI—A dream has come true for the Disabled American Veterans with the moving of its Ideals Tag plant—where miniature license tags are made by disabled veterans carrying motorists' individual license numbers—from Chicago to Cincinnati. In its National Headquarters city, the DAV employs disabled veterans in a plant it owns and operates. Melvin Adams, a blind veteran of World War II, is shown above assembling the key-ring tags which provide key loss insurance. Contributions for the tags are used exclusively by the DAV for its service and rehabilitation program for disabled veterans, their widows and dependents.

## The SNAPSHOT GUILD

The opportunity for taking a Thanksgiving picture such as this comes only once a year. Be sure to be prepared for it.

## Plan for Thanksgiving Pictures Now!

With Thanksgiving so close again, most people are beginning to think in terms of the family dinners which are as traditional with us as it is the one occasion of the year when gathered around the table are those closest to us. Therefore, when you are thinking of Thanksgiving, consider too the pictures you will want to take.

As you know, most people are self-conscious about having their picture taken—when they know it is being done. None of us are professional enough models to be able to act unaware of a camera when one is pointed toward us and someone says, "I'm going to take your picture." So, though you have your camera and everyone realizes what you eventually intend doing, do not pose or warn your subjects. Have the camera ready and snap them at a time when they are interested not in you, but in what they are doing or what is going on. I took the picture above as my nephew was describing his new camera. There, sure, interested in what he is saying, they are completely relaxed and self-conscious. If I had forewarned them, the result would

## Brownies

The Second Grade Brownies met Wednesday with 10 present. We painted milk weed pods and ourselves a little too. We enjoyed Norma Jean's refreshments. The secretary's report was read and dues were collected. We played a game and voted to pay for our Brownie Pins out of our dues. We voted to paint again next week. Norma Jean Kimball, Secretary.

Troop 2 Brownies held their regular meeting Wednesday afternoon with their leaders Mrs. George Parsons and Mrs. Dana Douglas Jr. The topic for the meeting was "Good Grooming". We learned a quick and easy way to clean our combs. Our winter meetings were planned and we voted to make "Miniature Brownies" as a winter project. We are also starting our Christmas Stocking. In this we will put used toys, clothing or whatever we happen to have we will put it in to give to some needy boy or girl. Mrs. Douglas held the interest of all by showing part of "World Book" to us. We could have listened to this for hours on end, but the clock said it was time for our "Good Nite Brownie Song". We have only one fault with our Brownie meetings and that is they are only half long enough!

Brownie Scouts Troop IV met Wednesday afternoon at the home of their leader, with 18 members and one visitor present. After dividing into three groups, one group made dolls, one made cookies and the other made corns.

Grade III Brownies met at Mrs. Anna Young's Wednesday afternoon. Mrs. Young assisted. They worked on scrapbooks. Next week Mrs. Young will entertain the group at her home. It will be a Christmas party.
